## Contact Page

The wireframe illustrates the layout of a contact page. It features a top header bar (1) and a main content area (3). A navigation bar (4) is positioned below the header. The main content area contains a podcast logo (2) and a series of form elements: a 'Contact' title (5), a name title (6) with an input field (7), an email title (8) with an input field (7), a comment title (9) with a large input field (7), and a submit button (10). A footer bar (11) is located at the bottom.

## Login Page

The wireframe illustrates the layout of a login page, divided into three main horizontal sections. The top section (Header) contains a small box labeled '1.' in the top right corner. The middle section (Main Content) features a central container with two distinct forms. The first form (Log-in) includes a header box '5.', followed by two input boxes for '6.' (Username) and '7.' (Password), and a button '8.' below them. The second form (Sign-up) includes a header box '9.', followed by two input boxes for '10.' (First name) and '11.' (Last name), and three stacked input boxes for '12.' (User name), '13.' (Password), and '14.' (Email), with a button '15.' at the bottom. A horizontal navigation bar labeled '4.' spans the width of the page below the header. The bottom section (Footer) contains a single box labeled '16.' centered at the bottom. A bracket on the right side of the page groups the header and main content areas under the label '3.'.
